BACHELOR OF TECHNOLOGY COMPUTER SCIENCE

Rajiv Gandhi Proudyogiki Vishwavidyalaya| 2018-2022

Pursing B.Tech. Computer Science with current CGPA of 7.2

SSC

Maharishi Vidya Mandir CBSE | 2017-18

Completed Class 12th from Maharishi Vidya Mandir, Jabalpur with 73 Percentage.

INTERNSHIP

MACHINE LEARNING INTERNSHIP AT SMARTBRIDGE

Completed Resale value preditcion Using Watson Auto AI

PROFESSIONAL CERTIFICATIONS

MICROSOFT CERTIFIED: AZURE FUNDAMENTALS

Microsoft | Feb 2021   **ID: 990762978**

Microsoft AZ-900 exam Fundamentals of cloud and Azure

GOOGLE IT AUTOMATION WITH PYTHON

Google - Coursera | Feb 2021   **ID:7K4EE723KSUA**

This six-course specialization certificate, developed by Google, is designed to provide IT professionals with in-demand skills -- including Python, Git, and IT automation etc

JETKING CERTIFIED ETHICAL HACKING PROFESSIONAL (CEH)

Jetking| Sep 2020   **ID: 1920-000368**

Covering syllabus of CEH v9 and CTF practice

DATA STRUCTURES AND ALGORITHMS SPECIALIZATION

UC San Diego | Sep 2020   **ID: CZSUVD6S6XCJ**

A specialization course by coursera and UC San Diego including algorithms and their complexity. This focused on improving problem solving ability.

JETKING CERTIFIED HARDWARE AND NETWORK ENGINEER

Jetking | Jun 2018 - May 2019   **ID: JK-JP-CT-0098**

Covering all basics of computer hardware and operating systems like Windows, Linux, Sever OS and including concepts of Networking and CCNA

PUBLICATIONS

MACHINE LEARNING AND DEEP LEARNING

🔗 https://github.com/tkohli/ML-and-DL

Covering all basics of machine leaning and deep learning, this repository very handy for all concepts.

PROJECTS

COMPARING PRICES ON SHOPPING WEBSITE

🔗 https://github.com/tkohli/Amazon-and-flipkart-price-comparing-app-using-flask

A flask app that compares product prices on shopping website like amazon and flipkart

OCR USING PYTHON

🔗 https://github.com/tkohli/SPSGP-533-Smart-OCR-for-Document-Digitization

Optical character reader using python which extracts text from image or pdf into a text file

AI ATTENDANCE TRACKER

🔗 https://github.com/smartinternz02/SPSGP-534-AI-Powered-Hourly-Attendance-Capturing-System

AI capturing attendance using AWS Rekognition and lamdas funtion

100 DAYS OF CODE

🔗 https://github.com/tkohli/100-days-of-code

Coding for 100 days and documenting most of it.
